"SPPOA Cruise Night" * This car will be featured on the next cruise night t-shirt*

Super car - A luxury, high-performance sports car or grand tourer. The term is used in marketing by automakers for unusual, high-end vehicles, and has been used to refer to at least four different sorts of cars: Limited-production specials from an "elite" automaker, can include high end kit cars.

Street Rod —A motor vehicle, or a reproduction thereof, with a model year of 1948 or older which has been materially altered or modified by the removal, addition or substitution of essential parts and with a gross weight or registered gross weight of not more than 9,000 pounds.

Classic car —A motor vehicle, but not a reproduction thereof, with a model year of 1974 - 1949, not materially altered or modified by the removal, addition or substitution of essential parts except that such parts represent the original.

Antique car — A motor vehicle, but not a reproduction thereof, with a model year of 1948 or older, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications and appearance.

Special Interest - a vehicle uniquely distinguishable from the usual, or designed for a particular purpose (i.e. fire truck, MASH jeep, tank, surf wagon, bus, race cars etc.) which would pique the interest of the public at large because of its uniqueness or specialty function.

Kit car - any vehicle that is created primarily from kit or prefabricated parts, and is a reproduction or replica. An original factory-built vehicle that utilizes prefabricated fiberglass body units to replace worn or damaged original parts is not a kit car.
